Her next offering is 'Ek Thi Daayan' which fails to impress her fans. Katrina has admitted that she wants a new role in 'Pixels' while Karan Johar's 'This Side of Paradise' is up next. Beside, her 'Ready' co-star is Sushant Singh Rajput. After the success of "Raaz 3D", she is eagerly waiting for the audience's reaction for his upcoming film 'Shootout At Wadala'. Moving on to the mood of the film and its casting, the script had gone through many changes before this day. Katrina also said that 'Shootout At Wadala' was a strong story and she was looking forward to make it. After this 'Besharam', her next film will be 'Ek Thi Daayan'. 'Besharam' releases on April 26, 2016. Meanwhile check out Katrina Kai's interview on 'Zee TV' in the video below.The present invention relates to the area of gas-liquid chromatography. More particularly, the invention provides for the isolation and collection of a liquid sample of a flowing gas mixture. In gas-liquid chromatography, the gases are typically flowing through a chromatographic column. Typically, the column includes an outer capillary tube made of glass or the like. The capillary is positioned inside a stainless steel body. The stainless steel body provides for the flow of carrier gas. An inlet is typically located at the top of the capillary. The capillary tube is typically filled with a packing material. One common packing material is silica gel. Silicon dioxide is a silica polymorph. Unlike the other forms of silica, such as quartz, molecularly-dispersed silica gel, or fused silica, silica gel has uniform pores which
